34th ANNUAL GENERAL MEETING

EU-India FTA:

Unlocking the Next Chapter of Trade, Investment and Growth

About Us

The Council of EU Chambers of Commerce in India (EU Chambers), established in 1992, is the only bilateral Chamber representing all 27 European Union Member States in India, with a special focus on supporting those EU countries that do not have an independent Chamber of Commerce in the country. With a network of over 1,200+ member companies, the Chamber serves as a trusted platform for strengthening EU-India economic relations by promoting trade, investment, innovation, and sustainable growth. It brings together businesses, governments, industry leaders, academia, and policymakers to foster strategic partnerships, facilitate knowledge exchange, enhance international visibility, and create opportunities for collaboration across the EU-India business ecosystem.

About AGM

The **Annual General Meeting** of The Council of EU Chambers of Commerce in India is the Chamber's flagship annual gathering, bringing together members, business leaders, diplomats, policymakers, and industry stakeholders from the European Union and India. The AGM serves as a platform to review the Chamber's progress, share key initiatives, strengthen member engagement, and discuss opportunities to further enhance EU-India trade, investment, and economic cooperation. Beyond its formal agenda, the event fosters strategic networking, business collaboration, and knowledge exchange, reaffirming the Chamber's commitment to building a stronger and more connected EU-India business ecosystem.
